ANTHRACITE DISPUTE.

Propositions Advanced at a Conference to End the Controversy.

MITCHELL AND MACVEAGH ATTEND.

Main Features of an Agreement Agreed Upon and Full Settlement Is Anticipated — Independent Operators Meet in New York.

Washington, Nov. 25.—President John Mitchell of the United Mine Workers, and Clarence S. Darrow and H. D. Lloyd of counsel for the miners, arrived in Washington Tuesday morning and later were in conference with Wayne MacVeagh, representing the Pennsylvania Coal company and the Hillside Coal and Iron company. The meeting was held in the room of Mr. Darrow in the Hotel Willard, and lasted for three hours. After the conference was over, Mr. Darrow admitted the newspaper men to his room. He announced that nothing had been done except to go over the various propositions which have been advanced. He declined to state what they were, but intimated that they were substantially the same as those which recently have been published, namely, a 9-hour day, a 10 per cent increase and yearly agreements with miners.

Mr. MacVeagh refused to state whether or not he represented the coal companies, but Mr. Darrow said he did not think Mr. MacVeagh would wish to make a contract without consulting the other companies. He said that the main features of the proposed agreement had been about decided upon at Scranton, and that when a complete agreement is effected, it will be submitted to the commission. When asked what would be done should some of the companies hold out, Mr. Darrow stated that in that event the commission would be obliged to hear the evidence.

Before leaving Scranton it was learned the commission received a united telegram from the operators, assenting to the provisions of the tentative agreement which had been prepared at the conference there. Mr. Darrow frankly stated that he did not think the present difference existing were of such a nature that they could not be adjusted in a short time and said that a complete understanding between the contending parties will undoubtedly be had.

Mr. Mitchell refused to make any statement. He left Washington for Scranton.

Independent Operators.

New York, Nov. 25.—A number of independent anthracite coal operators were in session here and, according to trustworthy reports, President Baer of Reading was in conference with them. H. L. Fleming, who is an official of the Anthracite Operators' association, speaking for the delegation, said that the independents were not here to ask for better terms from the coal roads, but that they did want to know why the coal road presidents had not given them a chance to present their side to the arbitration commission. "The independents," Mr. Fleming added, "have stood shoulder to shoulder with the coal road operators and their treatment of us at this time is incomprehensible. We desire to appear before the commission and will show our books if necessary."

Krupp Pension System Scored.

Berlin, Nov. 25.—The Socialist organ, Vorwaerts, in a page and a half, deals with what it calls the hypocrisy of idealizing Herr Krupp as a "benevolent genius." The paper does not touch on the immediate charge which it brought against the deceased, but analyzes the pension system of the Krupp firm, which, it says, is a "species of refined swindling," adding: "The enormous so-called benevolent funds have been built up by compulsory contributions from the employees, who could be arbitrarily deprived of participation in the advantages." They are required to contribute 2½ per cent of their wages for 20 years before they are eligible to a pension upon disability. In the meantime if an employee is discharged or resigns he loses all he has contributed, often exceeding \$250. The employees are morally and economically terrorized and must in humility accept every petty regulation of the firm's officials or lose 2½ per cent of what they have earned in the firm's service. This terrorism is applied to political opinions where they become known."

Two Men Run Down.

Youngstown, O., Nov. 25.—Daniel Fleischman and Powell Engleman, both Germans, and each about 35 years old, while returning from work and walking along the tracks were struck by a train and killed.

SHOW OF FORCE

Quiets the Riotous Feeling of the Strikers at Havana.

Havana, Nov. 25.—The street cars are running without interruption. No further disturbance has been reported. Steps have been taken to bring about a meeting between the strike leaders and President Palma.

There were indications that there will soon be a break in the general strike. Several of the bake shops opened and most of the bakers resumed work, though the central committee of the strikers was unyielding in its determination to continue the strike. Work along the water front was completely suspended. The mayor has issued another edict calling upon the strikers to preserve order and remain in their homes. The returns from the hospital give the total of persons wounded during the rioting of Monday at 106, of which number four were seriously injured. The strikers and one fireman were killed Tuesday as the result of a collision between a fire engine and an electric car.

The strong show of armed force made by the rural guard in the suburbs of Havana, quieted the riotous feeling of the strikers. The police are now searching all suspicious persons and strikers who congregate in the streets are immediately dispersed. The strike, however, remains general, so far as the trades people are concerned. No meat can be bought and both ice plants are closed, which has much food to be spoiled. A general strike is reported to have been declared at Cienfuegos.

Continental Lines Busy.

New York, Nov. 25.—A more favorable situation has been gradually developing recently in shipping circles. There has been little improvement in the demand for outbound cargo accommodation, but as to the west-bound voyages, the movement has assumed enormous proportions—with any rate so far as the continental lines are concerned. The British lines also have shown some improvement, but their steamers are still coming this way with half cargoes, and in some instances, third cargoes. With the continental lines, however, it is not an overstatement that during the last month or six weeks the condition has been one of unprecedented activity. For the first time since they have been built, the big cargo boats of the Hamburg-American lines have come over crowded to their full limit with freight. Other lines report similar conditions.

Well-to-Do Beggar.

New York, Nov. 25.—After admitting that for 20 years she had been sending begging letters to prominent people, including recent ones to high government officials, Mrs. Annie Mayers has been sentenced to the work house for six months. Agents of the charity organization brought about the woman's conviction. They charge that she has accumulated considerable property through piteous appeals to well known persons in society; that she lived a life of ease and spent parts of the season at the seashore and in the mountains. They claimed to have about 1,000 letters signed by the woman which had been turned over to the society by their recipients for the purpose of investigation.

Election in the Yukon.

Seattle, Wash., Nov. 25.—A special from Dawson says the Yukon is wildly excited over the election of a member of parliament, the first in the history of the country. Ex-Governor Ross and Joseph Clarke are the candidates. Dawson will go for Ross heavily, but Clarke is strong among the miners on the creeks. Ross is at Victoria and will not visit the Yukon, while Clarke is on the stump, holding meetings every night. The fight is a close one and is being hotly contested.

Washington Complete.

Seattle, Wash., Nov. 25.—Complete official returns from every county in the state show that the average majority given Republican candidates was 25,000. Hadley, Republican nominee for judge of the supreme court, leads his ticket with a majority of 26,862. The Republican candidates for congress, who are elected at large, have pluralities over Cotterill, the highest Democrat on the ticket, as follows: Jones 24,692, Cushman 24,957, Humphrey 24,042.

In a Receiver's Hands.

London, Nov. 25.—The Yorkshire Wool Combers' association, organized in 1899 with a capital of \$9,575,000, has sent a circular to its shareholders announcing the appointment of a receiver. The failure is the immediate result of an overdraft for \$350,000 on the Bradford District bank, which the Wool Combers' association failed to meet. The association has been in difficulties for some time. It exhausted its independent capital in an unsuccessful attempt to buy an important independent firm.

SETTLED PEACEFULLY

Can Be the Differences Between Venezuela and European Powers.

PRESIDENT CASTRO AIRS HIS VIEWS.

His Country Prepared Tenaciously to Resist Foreign Aggression. Desires to Maintain Uncle Sam's Good Will.

Caracas, Venezuela, Nov. 25.—President Castro, in an interview, said: "The revolution received its death-blow at La Victoria. In spite of superior numbers the rebels were defeated and their principal leader was compelled to seek refuge in a foreign land. The remnants of his forces under arms are unable to support each other and are being closely pursued. I receive news daily of the disintegration of Mato's followers. A campaign has been inaugurated against Barcelona and Ciudad Bolívar for a strong and seasoned army which assures its success. I cannot imagine that Mato will continue the revolution. Whatever efforts he may make will be futile, and as a man of intelligence, he must recognize that the sentiment of the people is against him and for peace. The government is resolved to execute in spirit and letter its declarations contained in the proclamation of Nov. 3 and to be liberal and magnanimous to its opponents, and the latter can have no reason to refuse it their loyal assistance.

"The policy of the government is broad and comprehensive and its aims are prosperity and contentment. The government is disposed to forget the past and look forward to the future, which is bright. Following the declaration of peace, the government will discharge its just obligations and improve its condition and reorganize the fiscal system of the country. An effort will be made to attract foreign capital, which is needed to exploit the rich agricultural, commercial and industrial resources of Venezuela. We trust the United States will participate in this exploitation. There will be ample guarantee for the security of funds invested.

"Venezuela entertains cordial and sympathetic friendship for the United States and desires close relations with the United States, which has always opposed the aggression of foreign powers. The government is confident that, convinced of the justice of our cause, the United States will render Venezuela assistance in her future difficulties. Well supported and well applied Monroe doctrine is of the greatest possible importance and value. The motto of the United States should be accepted by the Pan-American nations, which should be bound in indissoluble ties of comity and friendship. Questions with European governments can be settled amicably if they have the same desire for friendly relations. We, the Venezuelan people, united, patriots and courageous, form a force which will tenaciously resist any attempt to infringe our sovereignty or invade our territory.

"With respect to Colombia, the government of Venezuela is advised that there has been another invasion of our territory from that government the seventh in three years. It is our earnest desire to avert war with Colombia, and we are prepared to array for a settlement when peace is declared and the courts resume their functions. The government will not interfere in the asphalt or other similar cases. They will be settled in the light of the law and according to the facts. Venezuela will participate in the St. Louis exposition."

Toledo Naval Cadets Resign.

Columbus, O., Nov. 25.—The unsuccessful fight which has been made by the Toledo Naval Brigade, O. N. G., to secure control of the United States training ship Hawk, for at least a portion of each year, and the exclusive use of which has been granted the Cleveland battalion, culminated in six of the eight officers of the Toledo Naval Brigade tendering their resignations to Adjutant General Gyger. Lieutenant Commander Weilson, in a letter to Adjutant General Gyger says the reason for the action is that the officers feel that they ought to get out of the way and make room for some one else who will have more influence with adjutant general's department.

Wounded Man Died.

Cincinnati, Nov. 25.—Hugh O'Brien, who was stabbed at the St. Charles hotel by Rufus Burgess, died from the effects of his wound in the hospital. The charge of murder has been placed against Burgess. The man had been drinking together and Burgess claims that O'Brien threatened to kill him and that he acted in self-defense.

Two Men Run Down.

Youngstown, O., Nov. 25.—Daniel Fleischman and Powell Engleman, both Germans, and each about 35 years old, while returning from work and walking along the tracks were struck by a train and killed.

OFF TO SOUTH AFRICA.

Secretary Jo Chamberlain Departs on an Important Mission.

London, Nov. 25.—Colonial Secretary Chamberlain and Mrs. Chamberlain started for South Africa, amid cordial farewells from a large circle of friends. The police cordoned the railroad station and permitted only ticket holders to enter the building. Premier Balfour, War Secretary Brodrick, Lord Selborne, first lord of the admiralty, Lord Roberts and Lady Roberts, Lord Stratford, the Canadian high commissioner, Secretary Henry White of the United States embassy and many other notable persons were among those who joined in wishing the colonial secretary and his wife a good voyage. The couple traveled in the royal train to Portsmouth, where they boarded the armored cruiser Good Hope and entertained on that vessel a party at luncheon prior to sailing. The storerooms of the warship have been well equipped and a French chef has been shipped. Many live sheep and chickens are carried on board the Good Hope and the special delicacies intended for the Chamberlains' table are alone valued at \$2,500. The two store rooms contain 30 cases of wine.

President Gormley on the Stand.

Chicago, Nov. 25.—President James H. Gormley of the Masonic Fraternity Temple association, on trial for conspiracy to defraud Cook county by evading payment of the Masonic temple taxes, took the stand in his own defense and made a sweeping denial of all statements of Captain Edward Williams and Luke Wheeler, who were convicted and are under sentence on the same charge, and of director D. G. Rush of the association, charging him with knowledge and approval of the plan to pay \$26,770 of taxes with \$20,000. He testified that he had never seen Luke Wheeler prior to the calling of his case for trial, denied the conversations between himself and Williams, sworn to by the latter, in which the details of the scheme were alleged to have been unfolded to him and while admitting signing the \$20,000 check, declared that he did so in the regular course of business and not knowing for what purpose it was drawn.

Land Entries Held Up.

Washington, Nov. 25.—All entries of public lands in California, Washington and Oregon, under what is known as the timber and stone act have been held up by the government on account of alleged wholesale speculative frauds and a rigid investigation will be made. There are some hundred of thousands of acres involved in these entries. The interior department has received many reports charging the existence of frauds in the entries and Secretary Hitchcock will urge upon congress the necessity of prompt action in amending the law to protect the public domain from spoilers.

After the Ringleaders.

Iowa City, Ia., Nov. 25.—The grand jury has taken up the investigation of the recent student riots at the state university, with a view to indicting about 20 ringleaders, if the evidence can be procured. The faculty is cooperating with the county attorney and President McLean is said to have appeared before the jury. He was in conference with Mayor Stebbens and declared that he was determined that students guilty of destroying property shall be prosecuted. At a meeting of deans resolutions were adopted to this effect.

High Kicking.

New York, Nov. 25.—The world's records for high kicking have been broken at the semi-annual games of the Twenty-second regiment, N. G., New York, by Ray C. Ewry of the New York Athletic club. In the double foot kick, Ewry made a mark of 7 feet 9½ inches. The former record was 7 feet 6 inches. Second record was for the split kick. He raised the record from 7 feet 3 inches to 7 feet 5½ inches.

Improvements at Columbia.

New York, Nov. 25.—Columbia university's plans for the improvement of Southfield, when acquired, at a cost of \$2,000,000, have been made public in the annual report of the Alumni association. A new college hall, costing \$500,000, and dormitories, will be erected on the plot, which extends two blocks south of the university. Efforts are now being made to raise the necessary funds.

Cruiser Boston.

Santa Barbara, Cal., Nov. 25.—The cruiser Boston has arrived here from southern waters. It is stated that the Boston will remain here two or three weeks for target practice and that the New York and Marblehead are under orders to join the Boston in Santa Barbara channel as soon as possible.

SHE WAS MURDERED.

American Doctors Hold a Postmortem Over Ellen Gore's Remains.

DEATH CAUSED BY AN AIMED GUN.

American Consul General Seeks to Avoid a Clash With the French Experts—Liberated Russian Suspect Watched.

Paris, Nov. 25.—The independent postmortem examination over the remains of Mrs. Ellen Gore, made by the commission of four American doctors, appointed by Consul General Gowdy, at the instance of the state department at Washington, was made Tuesday at the morgue. It tended to establish the fact that Mrs. Gore did not commit suicide. The American doctors found that the bullet entered the pupil of the right eye, cutting the lower eyelid and emerging in the rear of the right side of the head at less than half an inch elevation from the point of entry. The body bore no marks at the entrance of the wound. Mr. Gowdy has ordered the physicians not to give any official opinion on the case. He is seeking to avoid a clash with the French experts. The report of the American commission will be restricted to the pathology of the wound and the direction of the bullet, with no opinion as to the cause of death. It was obvious that the range was not greatly upward as at first announced, but was almost parallel with the ear, indicating the theory that death was caused by an aimed weapon.

The provisional release of De Rydzewski, the Russian, is considered as establishing the view of the French authorities of the innocence of the Russian, but he is still under surveillance. The American officials do not expect that De Rydzewski will be further actively prosecuted. Mr. Gowdy received from the state department a request for Mrs. Gore's relatives to take possession of her effects. The burial place of the remains of Mrs. Gore has been changed to Bagneux cemetery, owing to its being unsectarian.

Letter From the Victim.

Cleveland, Nov. 25.—A letter written by Mrs. Nellie Gore, from Paris, under date of Nov. 7, has just been received here by Mrs. J. D. Slater, the aunt of Mrs. Gore. The communication contained no mention of Rydzewski, the Russian, but told of Mrs. Gore's daily life in Paris. Mrs. Slater said that De Rydzewski was infatuated with her niece, but she was certain that he had never proposed marriage. She said Mrs. Gore had written that she feared him. Mrs. Slater further said that Mrs. Gore was the possessor of about \$70,000 in Mexican money, and that Mr. and Mrs. Gore were the founders of the American colony in Mexico City.

Macedonian Agitation Continues.

Salonica, Nov. 25.—In spite of the comforting assurances that the Macedonian agitation is ended, numerous armed bands continue to hold their ground in the inaccessible districts and sporadic disturbances are constantly reported. In the last fortnight there have been four encounters in the Strumitsa district between Bulgarian bands and gendarmes. A few on both sides were killed or wounded. In two instances the villagers fled and their homes were plundered. In another district brigands captured and pillaged a village. The only result of this outrage was that 27 of the villagers were arrested and brought to Salonica.

State Won Its Case.

Indianapolis, Nov. 25.—The state won the long fought case against the Vandalia railroad in the supreme court and the school fund, unless an appeal should be taken to the United States supreme court and the state supreme court be reversed, will receive an addition of \$685,424.75. The Marion superior court is affirmed and the Vandalia must pay the judgment of \$913,905. Of this large amount W. A. Ketcham, ex-attorney general, and other attorneys employed by him, will receive 25 per cent, so that the state will receive a net sum equal to 75 per cent of the entire judgment.

Barbers in a Fight.

Wellston, O., Nov. 25.—In the barber shop of Keubler and Kessler, Adam McClung and Dave Wills, barbers from different shops in the city, were discussing the merits of the barbers' union. Hot words passed between them, when McClung struck Wills in the face. Wills at once pulled his revolver, firing four shots at McClung, three of which took effect, producing probably fatal wounds. Wills gave himself up.

THERE is a move on foot in West Virginia to abolish all taxes on real and personal property and adopt a license system to provide the needed revenue. The result will be watched with interest.

A good many people about Cincinnati and Covington may consider themselves very fortunate at not having had their fortunes told by those slick impostors who have just been exposed, if such glaring impostures deserve to be dignified by the word.

IN OLD KENTUCKY,

The Vote at the Recent Election Shows a Heavy Loss.

Democratic Plurality Over 35,000—Vote of the Ninth Congressional District by Counties.

The State Board of Election Commissioners met at Frankfort Monday to canvass the election returns and issue certificates to the successful candidates. Ten Congressional districts gave a Democratic plurality of 43,388, and one district gave a Republican plurality of 7,686, leaving a net Democratic plurality in the State of 35,702.

In the Fourth district Congressman D. H. Smith had no Republican opponent, and his plurality was 13,233. The net Democratic majority over the Republicans in the State was 25,469.

The total vote in the State was 158,479 for the Democrats, 122,777 for Republicans and 7,311 scattering, or a total of 288,567, or a falling off of 170,000 from 1900. This does not include Russell County, the returns from which did not arrive till after the vote had been counted. The vote for Appellate Judges was as follows:

First District—T. J. Nunn, Dem., 22,091; P. H. Darby, Rep., 13,187.

Fourth District—Henry T. Barker, Dem., 18,040; George Derelle, Rep., 16,747.

Second District—W. E. Settle, Dem., 28,221; B. L. D. Guffey, Rep., 26,568.

Sixth District—Thos. H. Paynter, Dem., 28,194; W. G. Dearing, Rep., 24,049.

The tabulated vote in this Congressional district was as follows:

Kehoe	Custer	Dillon
Bracken.....	1,453	1,118
Bath.....	1,416	1,048
Boyd.....	1,631	1,869
Carter.....	1,549	2,085
Fleming.....	2,005	1,824
Greenup.....	1,495	1,522
Harrison.....	2,445	1,476
Lewis.....	1,390	2,083
Lawrence.....	1,715	1,650
Mason.....	2,878	1,809
Nicholas.....	1,670	1,031
Robertson.....	623	405
Rowan.....	562	617
Totals.....	20,823	18,557
Kehoe's plurality, 2,266.		

Mason is the banner Democratic county in the district, with a vote of 2,878 for Kehoe. Harrison comes second with 2,445 and Fleming third with 2,005. Carter and Lewis are almost a tie for the Republican honors, their vote being 2,085 and 2,033 respectively.

Mason, Lewis and Greenup each cast 47 votes for the Prohibition candidate.

RIVER NEWS.

Heavy Rains Reported and a Rise and Run of Coal Are Assured.

Heavy rains are reported at many points above, especially along the southern branches of the Ohio. All the small streams in West Virginia are bank full, and a big shipment of timber is coming.

The rise in the Kanawha will also let out a nice shipment of coal. About 100 barges will likely leave Point Pleasant to-day. It is also very probable that the Monongahela will furnish enough water to let out a big shipment of coal from Pittsburgh. There are about 20,000,000 bushels ready.

The Lizzie Bay goes through to Pomeroy to-day.

A general resumption of navigation in next few days is confidently expected.

The protracted meeting at Mayslick Christian Church has resulted in five additions—all young men. Three were baptised last night. The meeting will probably close to-night.

The Announcement

D. HUNT & SON

Every Day

My immense purchases for the winter trade are coming in. Having bought early and in large quantities for cash, I am in shape to successfully meet any and all competition. I carry in stock only the very best goods, and I can always guarantee satisfaction. I want to call special attention to my very large purchase

Fancy New Crop Open Kettle MOLASSES

These goods I bought direct from the plantation in Louisiana and have no middleman's profit to pay; therefore I am position to make specially low prices and at the same time furnish my trade with the purest and finest goods made. My stock of CANNED GOODS is also enormous, bought direct from the packers in carload lots. In these goods there have been large advances since I bought, therefore I can make prices to my trade very much below the prices now asked by many of the largest jobbers. In all other goods in my line I have the largest stock and greatest variety. I handle no "cheap-john," unwholesome or poisonous goods.

NOTHING BUT THE VERY BEST!

This I claim is the secret of my success in Mayfield in building up a trade of which I feel I am justly proud and which I am determined to hold by at all times furnishing the very best goods at reasonable prices. My house will continue to be the headquarters for Poultry, Game, Oysters, Cranberries, Celery, Oranges and Fruits of all kinds. Try my Plymouth Rock Oysters in bulk and can—fresh from Baltimore every day—none better. My fine Blended Coffee and Perfection Flour are continually growing in favor. When you want the best try them. My purchases of specialties for the Holiday trade are unusually large. I extend a special invitation to people from the county to make my house their headquarters when in our city. Special prices on all goods to dealers who buy in quantities.

MRS. HELENA BLAU,

Young Milwaukee Society Woman.

The woman who has suffered from female weakness should do anything within reason to secure health. Wine of Cardui is the medicine that appeals to reasonable women—women who hold operations and cutting in horror—women who know that Nature is the best physician. Wine of Cardui gives women back their health by giving Nature a chance to build up the wasted and diseased tissue. Wine of Cardui regulates the menstrual flow and Nature, when relieved of the drains or of the poisons in the system, makes the organs strong and healthy again.

Any woman who is silently suffering untold pains because she is too sensitive to undergo a physician's examination and treatment can find no excuse for not securing relief when Wine of Cardui is offered to her. There is no publicity to deter her. She can take Wine of Cardui in the privacy of her home, with as much assurance of a final cure as though a dozen doctors recommended it. Many physicians do recommend Wine of Cardui to their patients.

Why not get a \$1.00 bottle of Wine of Cardui from your druggist today?

Mr. Gaunt's Address.

Owing to the very inclement weather probably, the attendance of the tobacco growers at Tuesday's meeting at the court house was not very large.

The meeting was addressed by President Gaunt, of the Burley Growers' Association, who set forth its objects and pointed out the great benefits that would accrue to the growers in the way of increased prices if the aims of the association should be attained.

It was decided to hold another meeting at the court house next Monday (County Court day), at 1 o'clock, when it is hoped there will be a fuller attendance of farmers and growers.

VOTE FOR Y. M. C. A.

Board of Directors Ask Friends of the Institution to Aid in Securing the Merchant's Gift Library.

At a meeting of the Board of Directors of the Y. M. C. A. Monday night the following appeal was concurred in, and ordered published to the citizens of Maysville:

WHEREAS, The contest now on by which, through votes, a reference library will be given to the organization having the most votes by Feb. 15, 1903, and

WHEREAS, The books in said library are most of a reference character wholly beneficial to class students, debaters and those in need of information; therefore,

Be It Resolved, That the Board of Directors, recognizing these books would best serve our city through the medium of the reading room of our Y. M. C. A., make this appeal to the public-spirited citizens of our city who will buy goods or pay bills at the various places of business where votes can be cast, to cast them for the Y. M. C. A. We believe that the books composing this library are only valuable when they are placed in a free room for the use of the general public.

STATE PRIMARY.

Democratic Executive Committee Votes to Hold One May 9th, 1903—Suit to Enjoin.

The Democratic State Executive Committee met at Frankfort Tuesday and voted to hold a primary election on May 9th, 1903, to select a State ticket. The minority members of the committee talk of filing suit to enjoin the committee from holding it.

At a conference at the Executive Mansion Monday night Gov. Beckham's leaders showed him that he and the other candidates favoring a primary election had enough votes to carry their point in committee. A majority of the candidates for State offices protested against the primary on the ground that it would be so expensive as to close many of them out. John K. Hendrick and Robert J. Breckinridge, candidates for Governor, were violently opposed to a primary.

In the suit of George W. Wilson against the city of Maysville for \$5,000 damages, pending in the Circuit Court, the city's demurrer was sustained Monday and the plaintiff's petition was dismissed. Wilson, while confined in the jail some time ago under orders from the Police Court, was assaulted and beaten up by another prisoner, and he sought to hold the city liable. An appeal was granted.

The Dr. Basil C. Duke Chapter of the U. D. C. will meet Tuesday, Dec. 2nd, at 10 o'clock in the New Public Library.

Everlasting Teeth!

The enamel of teeth is ten times harder than bone. If kept perfectly clean it could not decay in a century. Enamel will resist any amount of wear, but it can't resist acid. Certain germs that frequent the mouth convert the starch and sugar in your food into lactic acid. The acid makes the cavity.

Chenoweth's Dentine

Is antiseptic. It destroys the germs and prevents decay. This is the quality that most dentifrices lack, but is it not a most important one? Perfectly harmless. Delightful to use. Price 25 cents.

FARMS FOR SALE.

I offer at private sale choice of several fine tracts of land, situated on Maysville and Lexington turnpike, two miles South of Maysville. The lands are strictly first-class—no better in Kentucky. The improvements are good and in fine repair. On one tract of 195 acres is a nice frame house of eleven rooms and two halls, a beautiful yard shaded by forest trees—in fact a lovely place.

Has a large Tobacco Barn 84 by 48 feet eight tiers high in center, good Stables, Ice House, Potting House, two-story Cabin for cook, and all other necessary outbuildings. It is well watered and has fifty acres in wheat, the balance in grass.

Also one tract of 100 acres, all in grass, or one of 244 acres with fifty acres in wheat, the balance in grass—all adjoining, and of the same big size. Both tracts are well improved and under a high state of cultivation. They are suit pur-

chasers. Call and see what I have if you desire to purchase a nice home and a first-class farm.

M. of F.—H. C. Pepper.
K. of R. and S.—W. B. Cooper.

Old Age,

Old age as it comes in the orderly process of nature is a beautiful and majestic thing. The very shadow or eclipse which threatens it, makes it the more prized. It stands for experience, knowledge, wisdom and counsel. That is old age as it should be. But old age as it so often is means nothing but a second childhood of mind and body. What makes the difference? Very largely the care of the stomach. In youth and the full strength of manhood it doesn't seem to matter how we treat the stomach. We abuse it, overwork it, injure it. We don't suffer from it much. But when age comes the stomach is worn out. It can't prepare and distribute the needed nourishment to the body, and the body, unnnourished, falls into senile decay. Dr. Pierce's Golden Medical Discovery is a wonderful medicine for old people whose stomachs are "weak" and whose digestions are "poor." Its invigorating effects are felt by mind as well as body. It takes the sting from old age, and makes old people strong.

W.H.MEANS, Manager
